## **HealthCare Partners Announces A New Agreement with Elderplan**

### **HealthCare Partners Signed a New Agreement to Provide Care for Elderplan Members in Suffolk County**

Thank you for your participation with HealthCare Partners, IPA and for your service to our members.

As part of our continuing effort to provide value and support to the practices of our participating providers, we are pleased and excited to announce that HealthCare Partners (HCP) has entered an Agreement with Elderplan to provide care to their Medicare Advantage, Medicaid Advantage and Fully Integrated Dual Advantage (FIDA) members in Suffolk County.

Elderplan is part of the Metropolitan Jewish Health System (MJHS) which is a charitable not for profit organization with more than a century of providing quality, compassionate and innovative health services to New Yorkers of all ages, ethnic, religious and economic backgrounds. The contract is effective January 1, 2015 but you will not start to see members until April 1, 2015. You can go to the Elderplan web site at [www.Elderplan.org](http://www.Elderplan.org) to learn more about them. We believe the confidence shown in HealthCare Partners by this prominent and respected organization is a reflection of the quality of the HCP provider network, of which your practice is an integral part.

We look forward to continuing to offer you access to more members through new health plan affiliations that will afford you the opportunity to expand your practice and continue to improve quality outcomes for your patients through your association with HealthCare Partners, IPA.

We will be providing additional details about this new contract within the coming weeks. We are continuing our negotiations with other health plans to bring additional business to your practice.
